The Contract.

The Republicans in their platform point with pride." They will "view with larm" a little later on,—Commercial. When Candidate Thompson finelly crawls.from under the avalat che of votes that will bury his political ambition this though the elections were generally held fall, he will wonder how his principal chempion could talk doch upmitigated nonzense as this. The Republican platform reflects the views of the party in this. State. It was adopted by a very large, Scinctary in the many avery large, could vote for Thomas B. Reed. (Apand harmonisms convention containing over 1300 delegates. It is a good platform: and has for to basis the best interests of the people. Every Republican journal in the State stands squerely upon is and gives it sh unqual fled support. This is the Republican situation, and its every phase is The whole Democratio executive governencouraging How is it with our Demo- ment of Maine had butted against the concratic friends? Their first convention was practice ly a howling mob, rendered poor work of 1. The constitution of so by the small but noisy license dinority. There was a atter fight over the platform and the icense men were tolen ed. On the place where he was to rote. the train from Augusta that night this same minorit, was lood to to denuncia. n of the convention and openly assert-

ed that a new convention would be called. Harmony was at a discount and the lie case tively refused to be consided. A new confection was called, but for reasons to be selected. It was in a busy season and supposing that the platform would re- appointment on He luth. main as a dopted by the frat convention, the country delegates did not leave their work. in the cities were tooking for and withlens numbred and thirty voterat the recommend they undid the work of the first conventhe platform. When this word went out nority re-olt the majority of the party became disgrant ed. This is not a Republ. tion. can campeign assertion, but it based on side.' staunch Pemceratic paper, the Machine (nips, which says the majority of the party is o posed to the platform as amended by the tump convention. ' 'Yala apielt' of revolt also manifested itself in the Cumberland County Convention, where a leading Democrat rigorously repudiated the resolution. ' This illustrates the contrast in the situation of the two per jet. The tepublicans are united and east uniquie to a man; the Democrate are div ded and disgusted, with a argueoloment ready to reto the after the linebto, or ""um resolu-

as a result hey now "view with unalloyed Contemp: Rather than Sympathy There will be a good deat of sympathy tel. For Congressman Breckenridge of Aransas, if the report of the Hause communities of elegious is adopted, and be is desprised of his sert.—Boston Hereld.

tion," has huried the party desper than

are in the Commercial can aulend its para-

graph in this way: The Gipublicana point with prite" in their placform, and

The Hernd state conclusion of a paragraph of which the above is a sart cays, 50 pastizansh p jan do some [retty mean things when it tries." Our coatemporary evidence of Ma fact. It would be hard to imagine anything meaner thin the partitanessis of the Beral ! which thus willingly tends itself to the defence of the of the most doll blooded murders that has disgraced the political record of the South. No one accuracy Mr. Breckinridge of aring the fatal shot that removed from his path, the man elected to the seat in Congress which he new cooppics. He was, however, the residy honeficiary of that (cul crime and accepted and now holds a sent in Congress by remon of R. Nothing short of the murder of Col. Chyton equal have stopped an investigation which the Lourbon supporters of Mr. Breckinridge knew ould too well would establish the factof his (Clayton's) election and the assessin was not hard to find. Since that time no ex-next effort has been made to bring the guil.y parties to justice by the State authorities. What can be thought of a man who exolly sccepts that tained certificate of election, contemb to from his. salary withou; making an effort to yindicate bluself before the people! . s bit not a subject for contempt rather than sympathy? The statement of the Meruid that he was the friend of Clayton only intensifies legitimate criticism of his course. Man-Eind generally will pray to be cellwared from such a friendship as that. Upright and honcet men have investigated the Arkuntes election, giving a fair bearing to all evidence. They report in favor of sectaring the scat vacant. The flower should and doubtless will adopt that report. Jee-

Could Not Master It. And if the State of Malos had the Australian ballot system to-day the Republican party would be besten in advance in the election which is soon to ober; This Willo did well for its party in opposing the adoption of that system here.—Compared:

tice demands it and the people will indorse

The Commercial is getting so that its editorial common : does not reach the dignky even at coucht pensonce. The effect of the Australian ballot in this State would be to increme the Republican ma-jority and if we had a Democratic Legisleture it would restor think of compliting suicide their to canct such a law. With a bandful of men in the Legislature a few of them presented to investigate are emploi if their votes had been decisive they would have been found acting with the vesterin.

ELECTRICITY FOR SALE.

In another column of THE WHIG will be found an advertisement which will be perused with interest by everybody, as it makes the announcement of the revolution in this section of the method of motive nower and lighting. The Banger Electric Light and Power Company is row ready to self electricity, or it votier words to contract for power for mechanical purposes and lighting for factories, stores, offices and houses. The power for the purposes is to come from the new station at Veszle, which has frequently been referred to in these columns. From this station a force equal to 5,000 horse power will come, giving an immense amount of electricity which can be used in various ways. One use it will be put, to is to run the electric street cars, as the station on Cross street will be given up very soon. The switch station on Baptist hill, will then be the only electric building in the city, but it will be a part of a powerful system. Into it will come from the Veazie station fourteet wires, and after reaching the switch board, a great number
